Dear Parent/carer

Crofton Infants' School APP

We have launched our very own Crofton Infants' App. This is available free from the App Store and via Google.

It will give you one touch access to important things like the school diary, newsletters, term dates, the school website and a direct 'contact us' messaging system. We think this will prove to be very popular with our parents and staff.

The App will also allow school to send messages to you via your mobile phones.

If you need any help downloading the app please see the school office, we hope as many parents as possible will use this new service.

Yours sincerely

Mrs C Holloway
