

Dear Nursery parents and carers,

I hope you are all keeping safe and well in this very strange time!

It was so nice to hear that your children are all doing good despite this huge disturbance in their lives. I am so pleased that they are enjoying the home packs but also making the most of having the chance to be at home and play and explore!

I will continue to add activity ideas to the school website for you to support your children but also keep up the fantastic things that you have all been doing anyway!

After the Easter holidays our theme in Nursery is 'Growing'. We would have been looking at how different plants grow and what they need to grow. Experimenting with growing beanstalks and seeing if they would grow in different places eg, windowsill, cupboard, outdoors.

For maths we would be focusing on the language of size, measuring and positional language. Measuring plants, talking about which is big, bigger, small, tiny, tall, as well as using language such as on top, behind, next to, under.

Some story suggestions for the next term are:

Jack and the Beanstalk

Jaspers Beanstalk – Nick Butterworth

Oliver's Vegetables – Vivian French

Sunflower House – Eve Bunting

Mouse finds a seed – Nicola Moon

How to grow a dinosaur – Caryl Hart

These are lovely books to read with your children, however please don't feel you need to go and buy them as any books you read with your child at home will be beneficial.

Please stay safe and if you have any questions don't hesitate to email.

Hope to see you all soon,

Miss Clarke
